

## *Power and Performance in a Compact Design*

Every fire scene should start with vibrant, full colour backgrounds to fully immerse your students in the training environment. Firefly delivers that on the 70" x 40" (180cm x 100cm) training screen.

## Industrial Fire Safety Training Delivered in a Compact and Portable Package!

Pyrosoft's Firefly model is the first in our Industrial series. The projection screen is large enough for simulating many industrial fire scenes yet collapses to easily fit into a single case.

The system includes records keeping on agent and fuel that was used during each attempt, highlighting the benefits of indoor fire safety training. After creating your own custom scenes in the Video Studio, adjust the difficulty level to fight the same fire with added challenge.

### Video Studio

Firefly comes preloaded with four fire scenes to fight and Pyrosoft's Industrial line introduces the Video Studio.

Simply upload your own photos into the custom fire scene creator and let your creativity fire.

### Nozzle Valve

A partial flow of extinguishing agent onto a fire will impede success. Our simulators will monitor how much pressure is being applied to the valve and signals this to the instructor, while decreasing the chances of extinguishment.

### Upgradeable

Your investment is never obsolete! As the software improves, upgrades can be downloaded from the website.

Firefly becomes customizable by upgrading with alternative extinguishers, or larger screens.

## Contents

Item	Quantity
Notebook Computer 14" - Windows 10 Operating System, Multicore, Integrated	1
Notebook Protective Sleeve	1
Crossfire Enhanced Simulation Software	1
Rear Projection Screen and Frame 70" x 40"   (180cm x 100cm)	1
Simulator-Ready 10lb (4.5kg) Stored Pressure Dry Chemical Fire Extinguisher	1
Pico Interactive Video Projector with Short Throw Lens	1
Computer/Projector RedMere HDMI 15', (4.5m) Cable	1
Extension cord, Indoor / Outdoor with lit end, 3 conductor, 3 receptacle 16' (4.8m)	1
Pyrosoft Utility Bag	1
Shipping Case, Wheeled, Watertight, 44" x 14" x 16"   (112cm x 36cm x 40cm)	1
Pyrosoft User Guide 3 ring binder	1
